CPS02  |  CHILD SAFETY CODE OF CONDUCT

**RATIONALE**
Trinity Lutheran College aims to provide a caring and safe learning environment, where the love of Jesus Christ governs all interactions and relationships. Members of the Trinity Lutheran College community have a responsibility to ensure children and young people are safe in all school environments and school related activities.

A Child Safety Code of Conduct lists behaviours that are acceptable and those that are unacceptable. It provides a high-level statement of professional boundaries, ethical behaviour and acceptable and unacceptable relationships. For more detailed guidance refer to the College's Staff and Student Professional Boundaries Policy.

When individuals are clear about behavioural expectations, they are much more likely to act appropriately with each other and with children. When everyone is educated about the Code of Conduct and the reasons it is so important to uphold, the College environment becomes much more transparent and people are accountable for their behaviour. Above all, a Child Safety Code of Conduct helps to protect children from harm.

The Child Safety Code of Conduct set out below is designed to stand alone. It can also be incorporated in whole or part into broader Codes of Conduct that are developed within the College, including other professional or occupational codes of conduct that regulate particular staff at the College. The Code is made available to all staff, volunteers, families and students.

**SCOPE**
This policy applies to all members of the College community including employees, College Council members, volunteers, contractors, external education providers, parents and families, visitors and children in the context of the school environment as defined below.

**RESPONSIBILITY**
The College Council through the Principal has overall responsibility for this policy.
