

POL03 PRIVACY POLICY

RATIONALE

This policy outlines how Trinity Lutheran College will use and manage personal information provided to or collected by it.

The policy observes the Australian Privacy Principles contained in the Commonwealth Privacy (Private Sector) Act 1988 and Privacy Amendment (Enhancing Privacy Protection) Act 2012 (referred to as the “the Privacy Act”). In relation to health records, the College observes the Health Privacy Principles contained in the Health Records Act 2001 (Vic) (referred to as “the Health Records Act”).

The passage of the *Privacy Amendment (Notifiable Data Breaches) Act 2017* established the Notifiable Data Breaches (NDB) scheme in Australia. The Notifiable Data Breaches (NDB) scheme under Part IIIC of the *Privacy Act 1988* established requirements for entities in responding to data breaches. Entities have data breach notification obligations when a data breach is likely to result in serious harm to any individuals whose personal information is involved in the breach. The NDB scheme applies to all agencies and organisations with existing personal information security obligations under the Australian *Privacy Act 1988* from 22 February 2018.

The College is committed to managing personal information in an open and transparent way. The College will take all reasonable steps under the circumstances to implement practices, procedures and systems relating to the College’s functions or activities that:

- will ensure compliance with the Australian Privacy Principles;
- will enable the College to deal with enquiries or complaints about compliance with the Australian Privacy Principles; and
- will ensure compliance with notifiable data breaches.

The College may, from time to time, review and update this Privacy Policy to take account of new laws and technology, changes to College operations and practices, and to ensure it remains appropriate to the changing school environment. The College will make every effort to communicate any significant changes to the College community and affected parties.

SCOPE

The policy applies to College Council members, employers, employees, volunteers, parents/guardians and students, contractors, and people visiting the College site.

RESPONSIBILITY

The Principal has overall responsibility for this policy. The administration of this policy is supported by the Privacy Officer and the Data Breach Response Team led by the Business Manager.

 - 2.3 The College respects every parent's right to make decisions concerning their child's education. Generally, the College will refer any requests for consent and notices in relation to the personal information of a student to the student's parents. The College will treat consent given by parents as consent given on behalf of the student, and notice to parents will act as notice given to the student.
 - 2.4 The College may, at its discretion, upon the request of a student, grant that student access to information held by the College about them, or allow a student to give or withhold consent to the use of their personal information, independently of their parents. This would normally be done only when the maturity of the student and/or the student's personal circumstances so warranted.
 - 2.5 Requests to access any information the College holds must be in writing and addressed to the Privacy Officer. The College may require verification of identity and specific details of the information required.
 - 2.6 Parents may seek access to personal information held by the College about them or their child. However, there will be occasions when access is denied.  - 2.7 Depending on the extent of the information required, the College may charge a fee to cover the cost of verifying the application and locating, retrieving, reviewing and copying any information requested. If the information sought is extensive, the College will advise the likely cost in advance.
